

Task 6: Packing your backpack

Over Thanksgiving, you will be a mochilero (backpacker) in the country according to your assigned group. You will draw a backpack below that will represent the backpack you would use during the trip. Include at least 15 items. Incorporate most of the vocabulary from this chapter, but you may include new words. If new words are included, write definitions next to picture. After, report to your group and tell why (in Spanish) you brought the item or why you might use it in the trip. Once listening to them, use 'favor de' as a command and tell them to bring an item they forgot to pack.
