Assignment: You will choose one other student to work with or you may work by yourself. You will be randomly assigned a chapter to explain and present to the rest of the class. There will be regular reading assignments that will require you to read the chapters being presented before you come to class that day. You will be required to present a visual that will enable us to understand the chapter. You will be expected to read a brief summary of what happened in the chapter. Finally you will be expected to lead discussion with at least ten questions about the chapter. Your presentation should be between fifteen and twenty minutes.
